Work Experience

ReadyForce Campus Ambassador

September 2014-Present

- Marketed ReadyForce at the Engineering, Tech, and Career Fair @ UCI, collecting 300+ student resumes for the ReadyForce platform and introducing a professional networking service to more than 800 event attendees.
- Held resume workshops for 50+ students, taught them how to market themselves, and gave feedback on resume content.

Research Assistant, California Plug Load Research Center

April 2014-Present

- Develop Painbuddy, an application for Children's Hospital Orange County (CHOC) that tracks patient statistics and provides surveys and mini-games to terminally ill patients, with a team of 10 other engineering students.
- Create 20+ children friendly 3D animations for the application using iClone and 3dxchange pipeline.
- Create 2D animations, videos, and content for proposals and presentations.

Activities and Projects

Vice President, Video Game Development Club (VGDC) @ UCI

May 2014 - Present

- Communicate with entertainment companies such as Oculus Rift and Red 5 to provide special events, industry speakers, internships and full time jobs for a club with 100 active participants and 900+ people on mailing list.
- Hold weekly workshops for club members targeted at game production, covering topics such as source control, various workflow processes, prototyping, software design, task management, and marketing.
- Manage 10 quarterly club game projects, arrange meetings, provide feedback and improvements on workflow.

Lead Event Organizer, HackUCI

March - May 2014

- Wrote cold-calls for company contacts to gather more than \$40,000 USD in non-profit funds.
- Planned and executed event logistics for a 36-hour student-organized coding competition with 300+ attendees.
- Managed 20+ staff during the event and arranged volunteer shifts, ordered drinks and delivered food, assisted with technical problems such as internet connectivity and network issues, and directed event security.
- Outreached and negotiated with 50+ companies based in Orange County.

Webmaster, Taiwanese American Organization @ UCI

June 2014 - Present

- Develop, maintain, and update club website with new features, surveys, and weekly events.
- Organize Lantern Festival, an event with 10 sponsors and 200+ attendees that promoted Taiwanese culture through directing a group of 10 student volunteers, food preparation, and staffing game booths.
